The Complete AMGD+ Corporate Lifestyle in the New Normal

Your Corporate Nutrition + Fitness Lifestyle

Pre-COVID, employee benefits often encompass medical, dental and insurance. But since the pandemic, according to Levi's CEO Chip Bergh, more than 25% of consumers have a new size compared to before the pandemic. A Harris Poll survey also found that 61% of US adults' weight fluctuated in the past year, with an average weight gain of 29 pounds. The growing weight gain and mental health is not only harming your employees' health outcomes - it's also hurting your business.

In the new normal, employees are increasingly aware to eat healthy foods. Workplace wellbeing can be one of the most effective ways to build your culture, retain talent, and support your workforce in their everyday success.

Discover how a multi-faceted approach to promote nutritional wellness and physical activity can support long-term organisational success and strengthen team dynamics. Meals can be delivered whenever and wherever they are. Exercise routines can be established. Employees can access a variety of tools and resources even when working from home.

It's time for employers to create a corporate lifestyle for a healthier and more productive organisation. We help your company design your corporate lifestyle in the new normal all through one platform and help you build your teams in and out of the office.

Legend:

AMGD Feel Good After Food

AMGD stands for Ahhmahgawd! and is how good we want you to feel after eating our Ahhmahzing meals where our menu is created by data and food production enabled by technology. We provide healthy food solutions from the moment you wake up till before you sleep so your employees have the right fuel and nutrition to operate at high performance. Leading a healthier lifestyle has never been easier.

The Gym Pod

Better. Healthier. Happier.

We are an industry leader in FitTech, experienced in creating smart solutions for businesses and customers. With our expertise, we'll help you transform your unutilised office space into fitness solutions for your employees to make use of. Give your employees the right tools to stay physically fit and receive the benefit of lower healthcare costs and more efficient employees.

Sundown Marathon

Asia's largest Night Marathon

Sundown Marathon was created in 2008 as part of a unique training programme for ultra-marathons that require running through the night. Since then, Sundown Marathon became Asia's largest night marathon. Give your employees the right tools to stay physically fit with Virtual Runs and Marathon Webinars. Enforce the importance in keeping fit and healthy for a more efficient workplace.

CZ Bakery
